Dual Enrollment

*Fall and Spring terms in Grades 10–12*

Explore interests. Excel academically. Get a head start on college. Engage in the Andrews diverse learning environment. Enjoy small classes taught by Christian faculty, on campus or online. Credits are transferable. Ask your school if dual credit is possible. (Articulations and concurrent enrollment options available for schools.)

SciFEST

*September 20–22, 2018*

Experience unity in love of science with high school students and teachers from all over the country during a fun-filled weekend! Explore how the various elements of Science, Technology, Engineering and Mathematics (STEM) are interrelated and interdependent. Enjoy hands-on team projects, the Andrews Experience, and time with STEM students and faculty. Join us for this memorable experience.

Early College Experience

*July 29 –August 17, 2018*

The Early College Program offers rising high school seniors and new incoming freshmen a unique college experience on our main campus in Berrien Springs, Michigan. Students will participate in one college course and enjoy value-added seminars and cultural tours as part of a comprehensive university package.

*The courses you want. The experience you deserve.*

Griggs International Academy

GIA offers accredited distance/online courses for K–12 students. Christian certified teachers interact daily or as needed with students, coaching them to be creative, independent, responsible and analytical. GIA is a great option for students who have a gap in their schedule, who need to retake a course or who just want to get ahead. GIA offers flexibility and convenience—enabling students to reach their academic goals in a way that fits their needs. We inspire. We transform. We serve. We are more than just a homeschool.
